

DESIGNING FOR HEALTH & SAFETY IN CONSTRUCTION – HAZARD MANAGEMENT

15 March 2005 - 2.00-5.00pm

“Each year many people die unnecessarily from construction related accidents and even more suffer ill health. Construction work poses serious hazards, for example from asbestos, manual handling, falls, transport and collapses. The risks to health and safety from these hazards needs to be properly controlled and managed.” *Health and Safety Commission*

Broad aims of the seminar:

- To introduce delegates to the Principles of Prevention and Protection such that they are able to apply the principles to their design work.
- To enable delegates to understand the difference between Hazard and Risk and the relationship between them.
- To enable delegates to understand and identify significant hazards.
- To introduce the audit trail necessary to demonstrate that the designer has complied with their duties so far as reasonably practicable.
- To provide practical examples of hazard management and sequentially, risk control.

Speaker: John Heath, Health and Safety Consultant and Managing Partner of Morgan Safety Services.

BUILDING REGULATIONS UPDATE

Thursday 19 May 2005 - 2.00-5.00pm

The seminar will provide a comprehensive update on recent and forthcoming changes to the Building Regulations.

Butler & Young, Building Control and Fire Safety Consultants

SMART PRACTICE

19 April 2005- 2.00-5.00pm

An afternoon session which will address the changes to:

New Standard Form of Appointment – SFA/99 updated April 2004

- Why do we need a standard form of agreement for the appointment of an architect?
- What should an appointment agreement do?
- What are the RIBA standard forms of agreement for architects?
- What does the standard forms of agreement contain?

New Client Guide to Engaging an Architect - updated May 2004

- Fees
- How to calculate your Fees
- Different Fee options
- Particular requirements for domestic “consumer” clients
- Agreeing your Fees
- Future fee guidance

New Code of Conduct – updated January 2005

- Outline of the new code of conduct
- Explanation of the three new principals and guidance notes

Knowing about these recent changes and future developments on Appointments and Fees will greatly assist you in your daily work

Speaker: Richard Brindley – RIBA Director of Practice
